When referring to Rule 2, Section 29, Article 1 of the NFHS Rule Book, this will be noted as 2-29-1 (with dashes). When listed as 2.29.1 (with periods), please refer to the NFHS Case Book.

Most questions contain rule references, others will require officials to get a bit into the NFHS Rule and Case book.

On behalf of all California's officials, a special thank you to the following for their input and time reviewing during their offseason: Diego Renteria, Tim Glasgow, Mike Vail, and Chris Daste (Channel Coast), Bobby Kennedy (Los Padres), Jim Atkinson and Jon Stein (San Fernando Valley), Art Andrade (Foothill Citrus), Steve Coover (San Diego), Mark Andrews (Orange County) and Jerry Trautman.

Section 1 – Definitions

Reviewing definitions and key terms is a great start to a new season. As you read and answer questions, you might also think about how you are going to report a foul to your Referee during a game. Using the correct definition language will make communicating with your crew and coaches, as well as penalty enforcement, much easier, clearer and effective.

Section 2 – The Kicking Game

Arguably the most complex part of our game. Team possession generally changes during the down, there are formation expectations, and there are special enforcements depending on when a foul occurs.

Penalty enforcement becomes easier when you determine when the foul occurs and memorize the special enforcements (10-5-5) associated with fouls during free and scrimmage kicks. Enforcing a penalty *before the kick* can be different if the foul occurs *during the kick* or *after the kick*.

11. K, 4/10, K-20. Attempting to catch the ball at the R-40, R12 muffs the kick after making a valid fair catch signal. K22 attempts to recover the ball but muffs the ball and it goes out of bounds at the R-45.

 - B. Illegal, Encroachment on the kicking team, dead-ball foul. Stop the play and enforce the 5-yard penalty from the previous spot.
 - C. Legal play, Team K can be no more than one step beyond the free kick line.

14. K, 4/3, R-20. K3 is 12-yards behind the line of scrimmage, lined up to attempt a field goal. Holder K20 is 7-yards behind the line of scrimmage, squatting down, without his knee on the ground. Sections 3 – At The Snap

Many fouls can occur before the snap or when Team A fouls occur immediately when a dead-ball becomes a live-ball, e.g. at the snap. In several cases, the play continues, giving Team B the opportunity to enforce the penalty and replay the down, or decline the penalty and take the result of the play.

 - B. Illegal
34. A, 1/10, A-20. Snapper A79 breaks from huddle grabs the ball and rotates it horizontally/parallel to the line of scrimmage before the snap occurs. This is legal because A79 never removed his hand from the ball. (7-1-2)

 - B. Illegal
39. A, 3/4, A-25. Line Backer B99 runs into a gap between the defensive tackle and nose guard, stomping his foot at the A-26 and clapping loudly towards the offensive line. Left Guard A55 jumps from his 3-point stance before the snap.

 - B. A, 3/9, A-20
40. A, 3/7, B-40. Team A has 5 players in their backfield at the snap. QB A1 throws a pass that is intercepted by B23 at the B-35. B23 returns the interception for a touchdown. 8-2-3

Section 4 – The All-But-One Principle

With the new penalty enforcement exceptions in 2023 (discussed in Section 5), the All-But-One principle has changed significantly. However, the basics of ABO still exist when a foul occurs beyond the line of scrimmage and the play ends beyond the line of scrimmage.

When a foul occurs during a run (2-33-2) the basic spot is either 1)the end of the run or 2) the previous spot, regardless of whether Team A or Team B commits the foul. When a foul occurs when the ball is loose (2-33-1), the basic spot is always the previous spot, regardless of whether Team A or Team B

Section 5 – New for 2023: Basic Spot for Fouls Behind the Line of Scrimmage

NFHS has made a significant change to penalty enforcement when a foul occurs behind the line of scrimmage. The change was made to avoid an insurmountable distance and excessive penalties for teams when committing a foul behind the line of scrimmage. For instance, A,1/10, Holding by A 7-yards behind the line of scrimmage would have been 1/27 last season (10-yards from the spot of the foul, replay the down). Below is a table illustrating the changes. **Exception:** current enforcement for illegal batting, illegal kicking, and illegal participation fouls and for offensive fouls in the end zone that result in a safety remain unchanged.

FOUL BY	SPOT OF FOUL	END OF PLAY	BASIC SPOT	REFERENCE
A	Behind Line of Scrimmage	Behind Line of Scrimmage	Previous Spot	10-4-2d
A	Behind Line of Scrimmage	Beyond Line of Scrimmage	Previous Spot	10-4-2e

Section 7 – Be Strong with the Force

Several key principles exist when talking about Force, but always ask yourself one question, “How did the ball get into the endzone?”. When determining if the play resulted in a Touchback or Safety, which team gave the ball force to put it into the endzone matters. 2-13 is a good place to start, followed by 8-5.

66. Responsibility for forcing the ball from the field of play across a goal line is attributed to the player who carries, snaps, passes, fumbles or kicks the ball, unless a new force is applied to a grounded backwards pass, kick or fumble. (8-5-1)
- A. True
 - B. False
67. Muffing or batting a pass, kick or fumble in flight can be a new force.
- A. True
 - B. False

- A. Touchback
 - B. Safety
69. A, 1/15, A-5. QB A1 pitches the ball backwards to RB A21 who muffs the ball at the A-2 where the ball hits the ground at the A-3.  - B. Safety
 - C. Touchdown for K

Section 8 – Fouls During a Change of Possession

California Football Officials Association

2023 Summer Study Guide

Officials Version

In thinking about fouls that occur during a change of possession, break it down as follows: 1) When did the foul(s) occur? 2) Who was in possession when the foul(s) occurred? and 3) Who was in final possession? E.g. who will be next to put the ball in play?

Review 10-2-2 before completing this section of questions. The philosophy of “clean hands” is not directly referenced in our rule book but has to do with whether the team in final possession (usually Team B) got possession before they committed a foul. Unless Team B possesses the ball with clean hands or commits a PSK foul, Team B will not be next to put the ball in play.

71. A, 1/10, A-20. QB A1 throws a pass that is intercepted by B2 at the A-30 where he is tackled. Team A had 5 players in the offensive backfield at the snap. Team B can “tack-on” the 5-yard penalty from the dead-ball spot.

- A. True
- B. False

72. A, 1/10, A-20. QB A1 throws a pass that was intercepted by B2 at the A-30. During B2’s run, B75 blocks A60 below the waist at the A-20. Team A had 2 backs in motion at the snap. Since both teams committed a live ball foul, those fouls will offset, and we will replay the down.

- A. True
- B. False

73. A, 4/Goal, B-6. Late in the game, Team A is trailing Team B by 6 points. RB A21 receives the hand-off and runs to the B-3 where he is driven out of bounds by B40. B40 continues to tackle A21 and makes a second act, forcefully throwing A21 to the ground 4-yards outside the field of play. Team A had 5 players in the offensive backfield at the snap. These fouls will offset, and the down will be replayed.

- A. True
- B. False

74. A, 1/10, A-20. QB A1’s pass is intercepted by B23 at the A-35 after B23 interfered with WR A2, pulling him to the ground during the pass. During B23’s run, A65 illegally blocks B75 below the waist at the A-15. These fouls will offset, and the down will be replayed.

- A. True
- B. False

75. A, 1/Goal, B-8. QB throws an interception to B2 in the endzone. After the interception, B5 holds A2 in B’s endzone. Team A had 5 players in the offensive backfield at the snap. Team B will accept Team A’s illegal formation foul because to not accept it would result in a Safety for Team A. Team A will also accept the Holding on Team B, the two live-ball fouls will offset and we will replay the down.

- A. True
- B. False

Section 9 – CFOA Overtime Procedures

The California Football Officials Association has adopted overtime procedures and rules that differ from the NFHS overtime procedures and rules. This is a supplemental document that you can request from your association's Instructional Chairman.

 - D. All of the above
 - E. Only A and B
 - F. Only B and C
80. Beginning with the second overtime period, teams scoring a touchdown must attempt a 2-point try. Although not illegal, any one-point Try attempt by Team A will not result in a score.
- A. True
 - B. False

Section 10 – Inadvertent Whistle

They happen...anyone who says they've never had one is probably lying or will have one in their next game if they don't knock on wood. Depending on your unit, you may be buying the first round at the after-game dinner.

Most officials do not keep their whistle in their mouth during the play to avoid a quick, early whistle before the ball is dead. The play ends itself, not our whistle. See the ball or player in possession on the ground before blowing your whistle.

But when they do happen, it's important to know what we need to do. 4-2-3 lists the various times in which an inadvertent whistle could happen and what to do about it: 1) Ball in player possession, 2) During a loose-ball, or 3) During a legal forward pass or kick.

81. A, 1/10, A-20. Team A has a run/pass option offense. QB A1 fakes a handoff to A21 who runs up the middle of the line simulating that he has the ball. A1 runs to his left with the ball and is at the A-25 when the Umpire, thinking A21's forward progress is stopped, blows their whistle. Team A has the option to replay the down from the previous spot or take the result of the play at the dead-ball spot.

- A. True
- B. False

82. K, 4/10, R-45. K1's kick is high and R1 signals for a fair catch at the R-15. The ball hits R1 in the chest and the Back Judge blows his whistle as the ball is grounded. Team R has the option to take the ball at the dead-ball spot since there was a legal scrimmage kick and Team K was not in possession.

- A. True
- B. False

83. K, 4/10, R-45. K1's kick is high and as the ball is coming down at the R-15, it hits K25 on the helmet at the R-17 and is grounded at the R-22. R1 dives in an attempt to recover the ball at the R-22 but muffs it. The Back Judge, thinking R1 has possession, blows their whistle while the ball is still loose. The ball will next be put into play R, 1/10, R-17. (6-2-5)

- A. True
- B. False

84. A, 1/10, A-20. QB A1's pass is caught by A21 at the A-35. A21 fumbles the ball at the A-40 and it is recovered by B25. Thinking the play was over the Line Judge blows their whistle when B25 was at the A-38. The Umpire confirms that B25 has possession when the whistle was blown. Team B will be next to put the ball in play at the A-38, First and 10.

- A. True

B. False

85. A, 1/10, A-40. QB A1 hands the ball to A21 and runs to the right. Back A45 illegally blocks B90 below the waist at the A-45 and B90 is obviously injured on the play. A21 has possession of the ball and while at the A-47, the Head Line Judge blows their whistle given B90's injury. The foul can be enforced and will be administered from the previous spot.

- A. True
- B. False

Section 11 – The Clock and Timeouts

While the Back Judge is generally responsible for signaling to the Referee the status of the clock after penalties are enforced, it's a responsibility that every official on the field should know. Further, every official has a responsibility during a timeout. All officials should note the team that called the timeout and the quarter/time in their notebook and confirm timeouts remaining with the other officials and coaches.

86. K, Free Kick, K-40. Team R trails Team K by 6 points with 0:04 in the 4th quarter. Kicker K1 kicks the ball low and it hits the ground at the R-40 and starts bouncing around. The clock operator starts the clock when the ball is grounded. R44 recovers the kick while on the ground at the R-30 and the clock reads 0:00. (3-4-1)

- A. The game is over.
- B. Referee should instruct the clock operator to put 0:04 seconds on the clock. R, 1/10, R-30.

87. A, 2/15, A-15. After QB A1 was tackled inbounds on first down, the Referee notices his nose is bleeding and stops the clock for an officials timeout. Team A's head coach can call a timeout to clean it up and have A1 back in the game for the next down. (3-5-10)

- A. True
- B. False

88. In question 87 above, after A1 leaves the field and is replaced by A2, the play clock will be set to XXXXX and the game clock will start on the XXXXX.

- A. 25 seconds, Snap
- B. 25 seconds, Ready
- C. 40 seconds, Snap
- D. 40 seconds, Ready

89. After the play, Team A's coach calls a timeout which is granted by the Line Judge. Lineman A75 falls to the ground with a cramp and the Umpire signals for an officials timeout. A75 can return to the game without being replaced for one play.

- A. True
- B. False

90. A, 1/10, A-20. A21 receives the handoff and is tackled by B90 and B92 at the A-25. During the legal tackle, A21's helmet comes off. A21 must be replaced for one down. The play clock will be set to 40 seconds and the game clock will start on the snap.
- A. True
 - B. False

Section 12 – Mandatory versus Illegal Equipment

It's starting to get kind of bad, student athletes modifying or removing equipment to look like college or NFL players. Cutting knee pads, or even removing them completely, or not wearing/using a mouthpiece are among our biggest equipment issues we as officials continuously come across. It is the responsibility of all officials to address any issues during the pregame warm-up period.

Knee pads do not need to be pulled down or jerseys untucked from under the shoulder pads until the ready for play has been sounded by the Referee, but we still need to do our best before the game to warn players and coaches of such infractions. However, when thinking about when to penalize a head coach for equipment issues, determine whether: 1) Was the equipment missing or be improperly worn or 2) was the equipment illegal. Start with section 1-5 before completing this section.

91. During the pre-game conference, the Referee and another official will ask each head coach if every player is legally equipped and confirm players will not use illegal equipment. (1-5-4)
- A. True
 - B. False
92. Following the coaches pregame verification, if a player is seen not wearing required equipment (e.g. knee pads, mouthpiece, or thigh guards) or if a player is not wearing their equipment properly (e.g. knee pads where the thigh pads should be) the head coach will receive an Unsportsmanlike Conduct foul. (10-8-1)
- A. True
 - B. False
93. During the previous play, WR A2's knee pads have rolled up around his thigh pads and are not covering the players knees. A2 joins his team's huddle and lines up for the next down without fixing his knee pads. The flank official blows their whistle and tells A2 to pull down his knee pads. A2 may remain in the game when properly equipped.
- A. True
 - B. False

94. A, 1/10, A-20. The Umpire notices that Lineman A75 does not have a mouthpiece and takes an official timeout to remove the player from the game for one play. Another lineman on the sideline gives A75 his mouthpiece. A75 may now stay in the game.

- A. True
- B. False

95. The home team's equipment manager, trainer and team doctor provide the Referee with a personal doctor's note authorizing #33 to be able to play with a tinted visor on their helmet. The request will not be granted and #33 can only play with a clear visor, absent of any tint.

- A. True
- B. False

Section 13 – Mechanics

Frankly, mechanics could be its own separate 25-50 question test for each position and given not all officials want to work every position, we've only added a couple questions on mechanics below. Please refer to the CFOA Mechanics Manual for specific on every position, as well as our standards on officiating.

96. After an interception, the covering official should drop a beanbag to mark the spot where the change of possession occurred. This spot could be used for penalty enforcement.

- A. True
- B. False

97. Beginning in 2023, the Umpire will be in the position on the goal line, opposite side of the field as the Referee, during a free kick.

- A. True
- B. False

98. The Back Judge is responsible for the one-minute time-out interval. With 20 seconds remaining, the Back Judge will blow their whistle 3 times indicating the teams should begin getting set for the next down. Flank officials should assist and verbally remind their teams to return to the field.

- A. True
- B. False

99. Situations in which a beanbag should be used include:

- A. Fumbles
- B. First Touching
- C. Momentum Exception
- D. Player Out of Bounds
- E. Inadvertent Whistle
- F. All of the above
